Darling Frances:-

Didn't get your letter yet, but suppose I will get it later in the morning. It only 7 45 A.M. at time of writing.

When I got up this morning, Mom told me she was up all night last night with Pop. He was very ill & didn't fall off to sleep until morning. Can you imagine how I feel? I really do think I ought to make an application for a discharge & go out & help support the family. Mom herself is very sick over

the hard work & strain. I'm
sure I don't know how she
can stand it.

Must fall in for troop
now so will have to close with
all my love,

Lovingly
Joy.
